Hi Gregor,

Congratulations!

I regret that I will not be able to attend because I am in Turkey with Guy Vincent for a research visit to Sabanci U.

Best wishes,

Hasan

Subject: Your retirement party

Hi Gregor

Hasan just mentioned that your retirement party is scheduled for Friday. I am really disappointed and sorry about this, I had several discussion about this with the secretary and other people, and it was supposed to be scheduled it for Wednesday of next week.

I am away in Turkey this week, so I won't be able to join the party. I wish I could have been there for this, as I wanted to share my gratitude for your support throughout the years. I know that this isn't the end of it, and I am looking forward to a lot more research and collaboration, but still, I would have loved to share a glass with you for the occasion.

So I hope you will have a great party, and I'll see you next week

Cheers

Gv

Dear Gregor,

I missed the lunch in celebration of your retirement since my kids had a PD day (were off school) and my husband had a hiring interview at Carleton.

I also miss the chance last week to write on your card, but I had prepared something, so I am sending by email. I started a tradition since Hasan Ural's retirement of writing an acrostic with the retirees's initials.

wikipedia on acrostic: "An acrostic is a poem (or other form of writing) in which the first letter (or syllable, or word) of each line (or paragraph, or other recurring feature in the text) spells out a word or a message."

Dear Gregor,

I'm sorry that I could not take part in the ceremony for your retirement or even sign the farewell card. I have enjoyed having you as a colleague for the last 18.5 years and it was an honor to have someone of your caliber in our department

I wish you the best for the future,

Martin B.

Subject: My retirement - Thanks

Time goes fast. Today is my first day of retirement - and it is the Canadian National Holiday.

It is already two weeks that I had this very pleasant retirement party. Thank you for your presence.

I would also like to thank you for the many messages written on the card, and for the present of a watch. - I think I was in time for most of my engagements during the last years. So, with this present, I can continue this tradition for all the things I am planning to do during the coming years.

Sincerely

Gregor
